CARMELCREST

Sector: Healthcare  
Client: Homerton University Hospitals NHS Trust  
Value: £56,000  
Duration: 2 weeks

**This is an example of what skilful joinery can achieve. Homerton wanted an exclusive look to their boardroom, and Carmelcrest certainly delivered.**

Walls were clad floor to ceiling with oak panelling to give a modern and luxurious feel. Mood lighting was set in an oak overhead pelmet in the same shape as the table.

A bespoke boardroom table was designed and manufactured by our joinery team to complement the wall panelling. Traditional French polish made for a beautiful look to the completed room. The whole project took little under two weeks to complete on site.
