Overview

In order to maintain up-to-date fire safety standards, Carmelcrest were appointed to replace all the fire doors at the Plashet Primary School in Newham.

Carmelcrest have an in-house team of experienced, skilled carpenters. This project was completed to a high quality over 4 weeks.

Carmelcrest worked closely with Plashet School to minimise disruption while works took place. Measures included out of hours working, segregated work areas, noise control measures and dust control measures.

Key Aspects

- Operational school environment
- DBS checked workforce
- BM Trada accredited fire doors
