Overview

Carmelcrest were appointed to refurbish the Crawley Down Fleet Service centre on behalf of Sussex Police. The works included the complete remodel and refurbishment of the Courtlands Workshop Servicing area along with the Reception, office and washroom areas.

The servicing centre was open to the public and police force while works took place and so works were phased to ensure continuity of operation for Sussex Police. Carmelcrest ensured all operatives were DBS and NPPV Level 2 checked before works commenced.

Key Aspects

- Live Blue Light environment working
- DBS & NPPV Level 2 Checked workforce
- Discrete working methods and secure information sharing
